NOSILIFE

## NosiLife | Mens

The NosiLife range offers an adventure-ready line of kit that has been designed to offer an effective defence against biting insects. Our new technology offers the added benefit of odour elimination allowing you to stay fresh on your adventures.

Craghoppers' unrivalled insect repellent technology is proven to defend against bites from insects like mosquitos and midges. It is known that insects such as mosquitos can carry life-threatening illnesses such as malaria, dengue fever and zika virus. Our NosiLife technology is from a plant-based source.

NOSILIFE

## NosiLife | Womens

The NosiLife range offers an adventure-ready line of kit that has been designed to offer an effective defence against biting insects. Our new technology offers the added benefit of odour elimination allowing you to stay fresh on your adventures.

Craghoppers' unrivalled insect repellent technology is proven to defend against bites from insects like mosquitos and midges. It is known that insects such as mosquitos can carry life-threatening illnesses such as malaria, dengue fever and zika virus. Our NosiLife technology is from a plant-based source.
